

# *Technical Specifications Sheet.*

# 327K

**Precision** **Productivity** **Profitability**

# Advantages

- ◆ 9" high performance helical auger with interchangeable segments
  - ◆ Honda GX 630 gasoline engine.
  - ◆ Digital counter for dosing control.
  - ◆ Tires 7.50-16 LT radials.
  - ◆ 8 pin industrial rims.
  - ◆ Independent suspension of torsion bars for rough roads.
- ◆ Base for cement super bag.
  - ◆ Donut type attachment point for clamp coupling with different positions in height and maximum capacity of 24,000 lbs of trawling.

# Dimensions

Bin Capacities  
for Concrete  
Production.

3.9 yd<sup>3</sup>

Average speed of  
Production.

32.7 yd<sup>3</sup> / hr

## Dimensions 327K

A	94.48 in
B	32.28 in
C	104.56 in
D	125.87 in
E	64.06 in
F	173.31 in

Approximate Weight: 6856.37 lbs
